

# I HEARD IT THROUGH THE GRAPEVINE...

May 2008

## Department of Viticulture and Enology University of California, Davis

### Central Storehouse Closure

Contact: Laura Kemp

The Central Storehouse will be closed Thursday and Friday, May 8<sup>th</sup> and 9<sup>th</sup>, 2008, for the annual physical inventory. All Central Storehouse and Furniture – In Stock orders that are received by noon on Wednesday, May 7<sup>th</sup>, 2008, will be filled before the inventory. However, orders received on May 8<sup>th</sup> and 9<sup>th</sup> will be filled and delivered beginning Monday, May 12<sup>th</sup>. We also request that all will calls be picked up by 4 p.m. on Wednesday May 7<sup>th</sup>. Please note that this inventory will not affect the handling and delivery of other UCD Buy catalog orders, i.e., Office Max,

Fisher or Steelcase, which will be processed and delivered as normal.

The Supply Express Store will remain open throughout this time. Supply Express offers a full assortment of supplies. For location and hours visit: <http://materiel.ucdavis.edu/supplyexpress/>

The Storehouse closing is necessary so that we may comply with University audit procedures. As always, your cooperation in early ordering is much appreciated.

### Enabled Voicemail (EVM) to All Campus Voicemail Box Users

Contact: Laura Kemp

On April 29th, Communications Resources will roll out a new set of optional voicemail features called Enabled Voicemail (EVM) to all campus voicemail box users (both Basic and Advanced boxes). EVM has two basic sets of functionality:

1. The "EVM Delivery" feature can deliver voicemail messages as audio files to up to 3 email addresses.
2. The "EVM Notify" feature can deliver email or text-message notifications that let voicemail users know that they have received new voicemail messages.

These new features should greatly

enhance the campus voicemail user experience for no additional charge. Please review the information about EVM on our EVM Service Page:

<http://cr.ucdavis.edu/commsrv/voice/atrguide/evm.cfm>

### UCDavis—Friday Update

News and Information for faculty and staff

#### About UC Davis FRIDAY UPDATE

UC Davis FRIDAY UPDATE is a weekly electronic newsletter published by the UC Davis News Service. For questions or comments, write to:

[fridayupdate@ucdavis.edu](mailto:fridayupdate@ucdavis.edu).

You will see the new *UC Davis Friday Update* in your e-mail inboxes every Friday morning as a supplement to the weekly print editions of *Dateline UC Davis*.

UC Davis FRIDAY UPDATE • News for faculty and staff of UC Davis • One Shields Avenue • Davis, CA 95616

**New NIH Requirements Changing**

Contact: Linda Wiegand

The NIH will require that all NIH-funded investigators submit or arrange for the submission of an electronic version of their final, peer-reviewed manuscripts accepted for publication to the National Library of Medicine's PubMed Central. PubMed Central (PMC) is the NIH's publicly-accessible, digital archive of full-text, peer-reviewed journal articles. This new law requires manuscripts to be made publicly available via PMC no later than 12 months after the official date of publication. Failure to comply with this policy may jeopardize future NIH funding.

Additional information about this law is available at <http://publicaccess.nih.gov>. Also, the UC Davis Library can provide further assistance to investigators. Please see <http://www.lib.ucdavis.edu/dept/hsl/resources/other/nihmandate/>

**Final Report Requirements - Grants**

Contact: Linda Wiegand

The PI is responsible for the proper submission of final reports as required by the terms and conditions of the grants.

Many sponsors withhold all future funding to the campus until all outstanding campus closeout requirements have been met.

Policy and Procedure Manual 330-31 "Administration of Contacts and Grants Projects" (<http://manuals.ucdavis.edu/PPM/330/330-31.htm>) outline the various responsibilities related to contract and grant closeout.

**Funding for Viticulture Consortium West, California Competitive Grants, and American Vineyard Foundation**

Contact: Linda Wiegand

The funding information will be posted on the VC West website at the end of April and award letters sent to PIs via postal mail will only include projects funded by the VC West, California Competitive Grants (CCGPVE) and the American Vineyard Foundation. All other grant agencies of the Unified Grant Management for Research in Viticulture and Enology will notify applicants of their grant awards separately.

**Auto Physical Damage (BUS-69) Program for Department Owned Vehicles**

Contact: Linda Wiegand

Office of the President Risk Services changed the Auto Physical Damage program from voluntary to mandatory, thus requiring all departmentally owned vehicles to be assessed at a premium.

Additional information is available at:

<http://safetyservices.ucdavis.edu/risk-management-services/auto-physical-damage-bus-69>

**Text Messaging Price Increase**

Contact: Laura Kemp

Effective March 30th, 2008, AT&T will increase the charge for all text messaging from \$0.15 to \$0.20 per message. Please note that if you subscribe to a AT&T Messaging package, there will be no text messaging change in your rate.

## News from the Winery

Contact: Chik Brenneman

### Spring Barbeque

A big thank you to the organizers and participants in the spring 190X classes. We appreciate your efforts to clean up and put everything back into place.

**THANK YOU!!!**

### Fall Research Projects

Before you get busy and involved in your moving process, please see me now about any possible upcoming research projects that you wish to schedule. Given the distance between the new building and the old winery, our abilities may be limited this season, so let's start talking now about your projects. When we get the Harvest Center Request system up and working we'll let you know.

### **\*\*\*REMINDER\*\*\***

#### **VEN 125L Sensory Lab**

The red and white rooms will be setup for the VEN125 lab section the entire quarter. Classes will be held Wednesday and Thursday afternoons, however there could be set-up or clean-up happening at any given time. Please respect the classrooms and see me for any of your Enology building needs.

### **\*\*\*REMINDER\*\*\***

#### **Enology Building Doors and Red Room Temperature Control**

Two research projects require that we store case goods in the red room at 67°F. I ask that you do not adjust the temperature without first consulting me. Door cards will be required for access outside of VEN 125 class times. Doors will unlock 30 minutes prior to the start of classes and lock at the end of class. Do not prop the doors open outside of these time periods.

### **8th Annual Dinner Under the Winkler Vine**

Contact: DEVO

The 8th Annual Dinner Under the Winkler Vine will take place on Saturday, May 17, 2008, beginning at 4:30 p.m. Don't miss the live and silent wine auctions taking place before and after dinner! Reserve your ticket by sending a check, payable to DEVO, for \$175 to: DEVO, c/o Department of Viticulture & Enology, One Shields Ave., Davis, CA 95616 or pay on-line at: <http://wineserver.ucdavis.edu/devo> click on Winkler Dinner '08.

Proceeds from this event will support the DEVO travel award fund as well as other enriching activities that are held throughout the year. Travel awards are offered to outstanding students in the Department of Viticulture & Enology pursuing international winemaking internships.

For more information or questions, email: [devowinkler@gmail.com](mailto:devowinkler@gmail.com)

## Refrigerator-Freezer Replacement Incentive Program

Contact: Laura Kemp

As part of the campuswide effort to reduce energy consumption and greenhouse gas emissions, the central campus is offering a rebate incentive to departments that replace old free-standing refrigerators or freezers with newly manufactured units.

For departments that purchase qualifying refrigerators or freezers to replace existing units, the central campus will provide a dollar-for-dollar match, up to \$400. The central campus will also pay the full cost of proper disposal of the old unit.

For departments that dispose of an old unit without replacement, the campus will pay an energy reduction award of \$200 and will also pay the full cost of disposal.

To qualify for a replacement rebate or energy reduction award, the old unit must be a freestanding refrigerator or freezer housed on the Davis campus and manufactured before 1990. (An estimate of age based on departmental records, visual inspection, or staff recollection is acceptable.) Units in student residence halls are excluded. Equipment used to store flammable materials is also excluded. Replacement units must be newly manufactured, Energy Star™ - rated and university-owned. Each replaced unit will save approximately 1,300 kilowatt hours and 1,000 pounds of carbon.

This rebate incentive program will run until December 31, 2008.

For complete information on how to participate, go to: <http://www.ormp.ucdavis.edu/fridge-freezer>.

L to R: Walt Klenz, Andy Beckstoffer and Andy Waterhouse at the 3rd annual Walt Klenz Lecture sponsored by Foster's Wine Estates.

## New People

Contact: Anne Berg

**James Joines** is a student assistant working for Lucy Joseph.

**Anna Hjelmeland** is working with Pavla in Sue Ebeler's lab.

**Clark M. Henderson** is a grad student in Biophysics who is working for Dave Block.

## MOVE INFORMATION

Contact: Cary Doyle

- ◆ Moving boxes and supplies (tape, packing materials, and labels) are now available. Please see Traci and/or Susan. The Department is being charged for each box not returned or damaged.
- ◆ Labels will be provided for all items being moved where you **MUST** indicate your new room number and name on each box. **DO NOT USE ANY OTHER LABELS.**
- ◆ Do not over pack boxes.
- ◆ Boxes need to be stacked to expedite move and no more than 3 high when full.
- ◆ Place your label on either **END**, not on top of box. (*See example below*).
- ◆ Unlabeled Items – **WILL NOT BE MOVED!!!!!!!!!!!!**

### Move Contacts

I'm in the process of compiling a list of lab and office RMI move contacts, both for the areas that we are vacating in Wickson Hall and the Enology Building and for the areas that we are moving into in the RMI.

To the people responsible for the various lab and office (student, staff and faculty) spaces, both old and new: Please designate someone, either yourself or another person, to oversee the packing, moving and receiving operations and to be the move contact person for that space. Then, email me that name so that I can add it to the master list.

### Shimadzu Hardware Move

Shimadzu would like to assist anyone with our instrumentation in the relocation to the new facility, once it opens. Please share this offer with the people that are moving. We would be happy to move and set up any Shimadzu HPLC, spectrophotometer, GC, etc. as a free courtesy. Please use me as the contact person to coordinate between our people and the UC Davis staff.

Cheers,

***Michael Derksen***

Field Sales Engineer
